WHAT OUR CUSTOMERS
ARE SAYING ABOUT

COLORADO'S TOP- RATED SERVICE PROVIDER

EXCELLENT SERVICE!

"CO Home Services is great from the moment you call them. Extremely happy with their HOA approval help, description of the installation process and the work. Excellent customer service!"

HIGHLY RECCOMEND

"Exceptional service! From requesting a quote, getting scheduled for installation service and the actual installation. Competitive pricing and they were quick to install. I highly recommend!"

VERY PROFESSIONAL

"CO Home Services is very professional and responsive. They showed up on the day they said they would and on time. They communicated well and performed the job in a timely manner."

EXCEEDS EXPECTATIONS

"When it comes to home services, CHS sets the bar exceedingly high. They were on time, professional, and completed the install faster than expected. They cleaned up after and took some time to train me on the many ways my products can save energy and improve comfort in my home, some of which I wouldn't have thought of. In an industry where a lack of professionalism seems to be the norm, to say that CO Home Services exceeds expectations is an understatement!"

HELPING PARTNERS

REFERRALS | SERVICE | CUSTOMER CARE

HOME EFFICIENCY

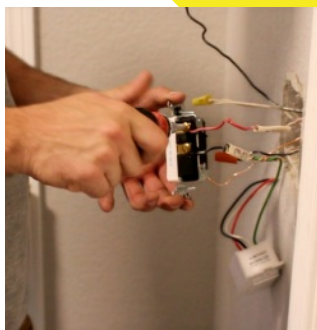

- Reduce attic heat to multiply customer efficiency benefits AC reduction and home temps
- Fan scope wrapped into larger projects for increased margin

— “ —
We know the value of whole house fans and the need for reliable partners in this space, which is why we always turn to CHCD for interested customers.

— ” —
-Casey, REenergizeCO

REALTORS AND PROPERTY MANAGERS

- Only fan company with scale to solve immediate tenant or inspection needs
- Efficient billing, referral program, and partner pricing

— “ —
We just don't trust handymen to install these right— especially traditional fans, and CHCD has become our go-to partner.

— ” —
-Juan, Property Manager

SOLAR DEVELOPERS

- Fans significantly reduce power demand for solar prospects
- Easy add-on sale and subcontracting of panel upgrades or solar attic fans

— “ —
You guys are the most professional and expeditious contractor we have worked with so far.

— ” —
- Darrin, Avolta Solar

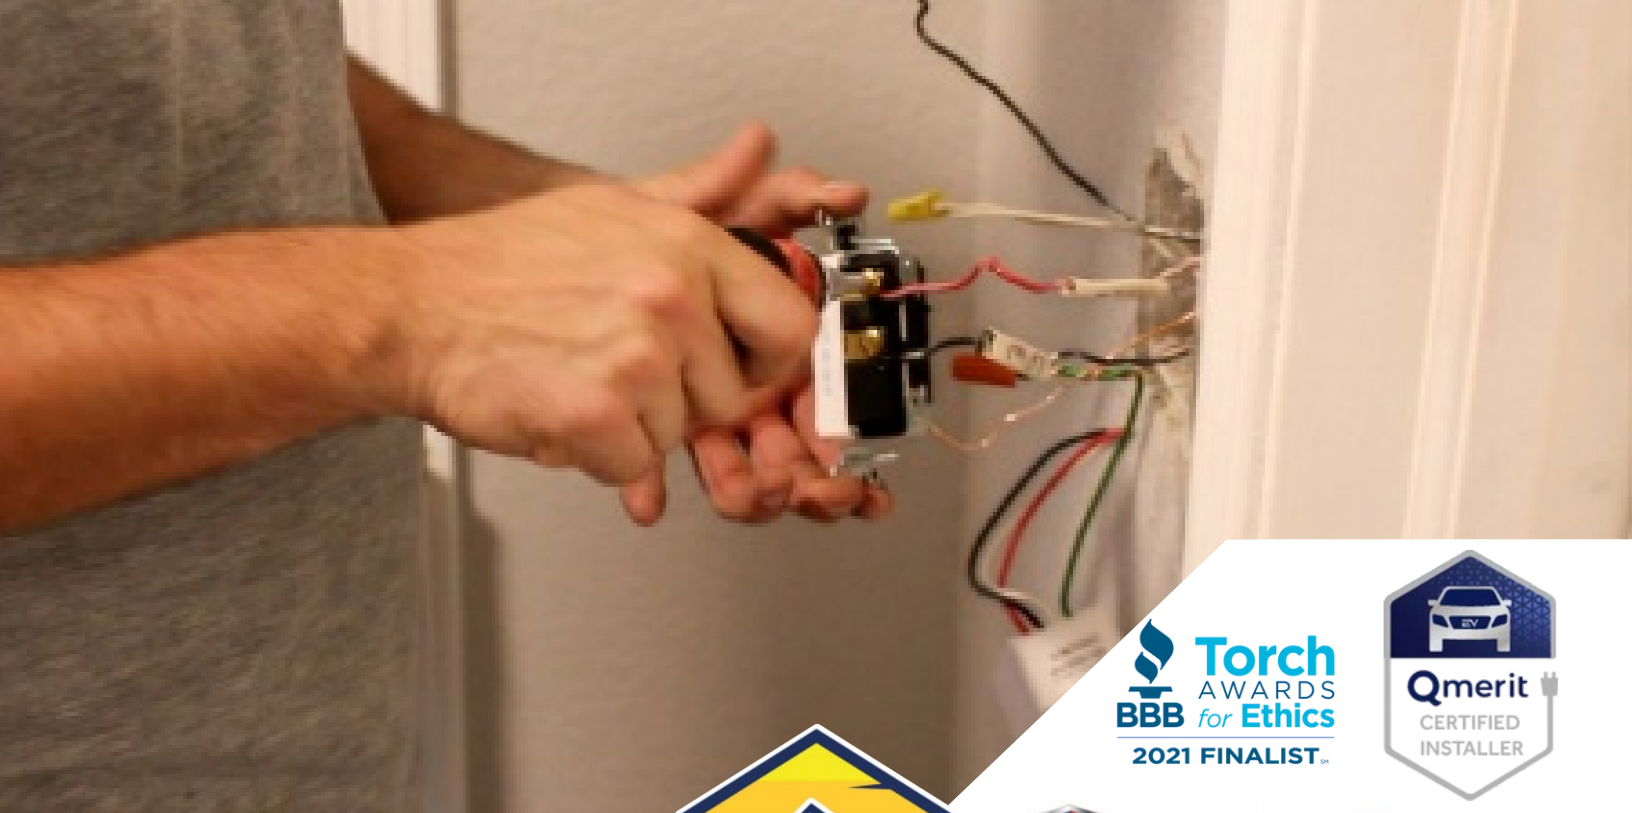

ROOFERS & EXTERIOR

- Replace attic fans, vents, skylights, sun tunnels, or exterior electrical before or after project
- Refer customers in need of roof replacement or exterior work

— “ —
Very professional, high-quality workmanship and customer service. I would highly recommend CHS to do work any of my own family members, or customers homes.

— ” —
- Ken, HHR Exteriors

SKYLIGHTS

Transform your home with sustainable, natural daylight. VELUX® skylights from CO Skylights feature industry-leading glass technology: Clean, Quiet & Safe glass. The safest glass to live under! Now offering curb- and deck-mounted solar-powered skylights, ventilating skylights and fixed skylights. CO Skylights is a certified VELUX Skylight Specialist offering free estimates and 5-Star designation for unmatched customer service and product expertise.

Clean, Quiet & Safe Glass

VELUX Skylights are available with the manufacturer's top-rated glass: Clean, Quiet & Safe.

Clean - VELUX glass Skylights stay cleaner longer with Neat® glass coating.

Quiet - VELUX Skylights reduce unwanted outside noise by up to 25% compared to a standard double pane glass, and up to 59% compared to plastic or acrylic skylights.

Safe - Unlike tempered, VELUX glass skylights do not shatter into pieces when cracked, and are less susceptible to hail damage.

No-Leak VELUX Warranty

The VELUX deck and curb mounted product family is designated as "The No Leak Skylight." Enjoy the following coverage:

- 10-year on workmanship
- 20 years on glass
- 10 years on product
- 5 years on shades/controls
- 10 years for hail damage

Say goodbye to leaky skylights! Call (303)986-5764 with any questions.

SKYLIGHT ACCESSORIES

VELUX ACTIVE WITH NETATMO

Whether you're at home or away, VELUX ACTIVE with NETATMO is your home's climate control and monitoring system. Trusted to create a healthier home environment, VELUX ACTIVE's sensor-based controls pair with your smartphone and automatically adjust your skylights and blinds for ideal temperature and air quality.

SKYLIGHT SHADES

Complete your VELUX skylight with a VELUX shade. VELUX skylight shade offer effective sun screening to suit every need. Choose among a variety of colors with manual or electrically/solar powered operation.

MANUAL CONTROLS

VELUX manual controls provide an economical option for controlling VELUX manual venting skylights, roof windows and sunscreening accessories.

SUN TUNNELS

Sun Tunnel Skylights (also known as solar tubes or tubular skylights) are a simple and cost-effective way to transform your home with sustainable, natural daylight. We are VELUX Colorado's first choice for VELUX Sun Tunnel installations, with free estimates, next-day installations, and 5-Star designation for unmatched customer service. Sun Tunnel installations are cheaper and easier than traditional skylight installations, making them the most cost-effective way to bring natural light into your home.

Pure Daylight With No Color Shift

A high-impact dome installed on the roof captures light and sends it through the highly reflective Sun Tunnel, bringing pure, natural daylight into your home without color distortion.

Pivoting Tunnel System

An adjustable pitch adapter allows easy tunnel installation on any roof and captures more direct light from the sun.

High Quality Natural Lighting

The VELUX connection system cuts Sun Tunnel installation time in half, while the highly reflective material delivers the highest quality daylight into the space below.

Even Light Diffusion

Choose from three different diffuser options to go with your VELUX Sun Tunnel: Frosted, Prismatic or Fresnel. All Sun Tunnel Skylights are equipped with a frosted diffuser.
